## Official welcome

As Councillor for Division 12, it is my great pleasure to extend a heartfelt welcome to all the players, families, and dedicated volunteers taking part in the 2026 Australian Seniors Tennis Teams Carnival and Individual Championships. This event, held predominantly at the Gold Coast Seniors Tennis Club and Miami Tennis Club, truly embodies the spirit of our vibrant community and showcases the Gold Coast as a premier destination for sport and recreation.

I am especially proud to congratulate Tennis Seniors Queensland on their successful application in the City of Gold Coast's Community Projects Program. They have been awarded a grant of \$3,530 for the purchase of polo shirts and food and beverage for volunteers - a well-deserved recognition of the positive impact they have on our local community.

The City of Gold Coast is committed to backing initiatives that promotes participation, celebrates achievement, and brings people together. The Australian Seniors Tennis Championships offer a great opportunity for friendly competition and help strengthen local connections.

Whether you're a competitor, supporter, or volunteer, I encourage everyone to take part during the event. Your involvement is what makes these championships special and helps build lasting friendships both on and off the court.

If you're visiting our city for the first time, I encourage you to explore our beautiful surroundings. There is plenty to see and do within the Pizze Park precinct and beyond - from enjoying the open spaces and sporting facilities to discovering our nearby beaches, local restaurants, retail, and small businesses. Make the most of your time here and experience all that Division 12 has to offer.

Wishing everyone an inspiring, enjoyable, and truly unforgettable championships.

Warm regards,  
**Cr Nick Marshall OAM**  
Councillor, Division 12

# Welcome messages

It is with great pleasure that I welcome you to the Australian Tennis Seniors Championships 2026, hosted by Tennis Seniors Queensland and Tennis Seniors Australia.

Tennis is a game for life, and those competing in the Seniors Championships share a love for the sport and a burning desire to compete at a high level, as well as enjoy many social events during the tournament. Five tennis clubs on the Gold Coast will host the 2026 Championships, with a team's carnival in the first week followed by the ITF MT1000 tournament, offering singles, doubles, and mixed events in 5-year age brackets starting at 30 years.

Good luck to the 1000-plus competitors taking part and the many volunteers who work tirelessly to make this a first-class experience. For all those coming to watch, you are in for a treat. Seniors tennis in Australia is booming, with many aspiring to compete at the ITF Masters World Championships. In 2025, Australia batted well above its weight, with nine players bringing home World Championship medals. Australia also won three ITF Masters World Teams Championships in the men's and women's 65+ and men's 70+ brackets.

Many competing players have had significant elite careers and are motivated to maintain their fitness, set new challenges, practice and improve their skills, make friends, and travel to new places. It all starts at the fiercely contested Australian Seniors Championships in January, a great opportunity for tennis players of all standards to learn from their Seniors!

**CRAIG TILEY**  
CEO, Tennis Australia

Welcome to the Australian Championships Gold Coast 2026

It is my pleasure to welcome you all to the 2026 Australian Seniors Tennis Teams Carnival and Individual Championships.

This year's event has provided a wonderful opportunity for players to visit the beautiful Gold Coast. But just as importantly, participants will get to experience the world-class tennis facilities on offer in Queensland.

Whether you've travelled from near or far, it's wonderful to have so many passionate players, supporters and volunteers gathered to celebrate the sport we love.

These tournaments are about more than competition – through the Teams Carnival and Individual Championships, we celebrate friendship, sportsmanship and the spirit of tennis.

Each year, we're inspired by the energy and enthusiasm which players bring to the court.

I'd like to extend my congratulations to the event organisers, sponsors, officials and volunteers who make this event possible. Your commitment helps ensure a wonderful experience for all participants.

The Australian Seniors Tennis Teams Carnival and Individual Championships are a much-loved feature of the annual tennis calendar and an initiative which Tennis Queensland is proud to support.

On behalf of Tennis Queensland, I wish everyone an enjoyable and memorable tournament. Welcome to all!

**CAMERON PEARSON**  
CEO, Tennis Queensland

On behalf of the executive of Tennis Seniors Australia, I would like to welcome everyone to the Gold Coast, Queensland, for the 2026 Australian Teams Event and the MT1000 Individual Event.

Special thanks to Tennis Seniors Queensland, led by Gail Bates and her team, for the work they have done in preparing this event to give players and families an experience to remember.

We wish all teams and players a successful carnival filled with many memories and good times on and off the court. We hope you catch up with old friends and make new ones on the courts and at the many social events that have been organised.

**MIKE EVANS**  
President, Tennis Seniors Australia

On behalf of Tennis Seniors Queensland, I would like to welcome all players, spectators, administrators, and volunteers to the 2026 Australian Seniors Championships and Carnival here on the Gold Coast. We hope that visitors to the Gold Coast enjoy our sunny Queensland weather, which will encourage great tennis. Please enjoy the competition, the socialising, and the excellent facilities offered at the various centres being used and across the region generally.

We hope all participants renew old acquaintances and meet new ones. Above all, enjoy yourselves as you take part in this carnival and play the game that we all love.

**GREG PLOETZ**  
President, Tennis Seniors Queensland

# Beat the Heat

Concern with player safety has led Tennis Seniors Australia to develop an Extreme Weather Policy.

Tennis Seniors Australia has a strong and well defined TA extreme weather policy. It is discussed in broad terms in the “Regulations” section of this Booklet.

Extreme heat is of particular concern with regard to the conduct of the Australian Tennis Seniors Carnival, but lightning, heavy rain and high winds are also of concern. Briefly, the referee and Tournament Director will suspend play if they judge the weather conditions to be unsafe to players. During hot weather, both temperature and humidity are monitored regularly to determine whether play should be suspended. Players must heed instructions to suspend play and restart when conditions are considered safe.

### Why is there a need for a Heat Policy?

- High intensity exercise in hot conditions leads to fluid loss and elevation of body temperature. This can lead to dehydration, heat exhaustion and heat stroke.
- Even small degrees of dehydration will not only cause a decrease in performance, but contribute to fatigue. This may make you more susceptible to cramps, heat stress and heat stroke.

### What are the symptoms of heat injury and heat stroke?

Symptoms may include any of the following

- Nausea
- Headache
- Confusion
- Fatigue
- Light Headedness

If you have any of these symptoms you should stop playing, cool down and drink more fluids.

If you notice others appearing to display these symptoms, go to their aid and encourage them to do the same.

If symptoms do not improve rapidly you should seek medical advice.

Take extreme care if playing for more than 30 minutes in very hot weather (>35°C)

### Ways to beat the heat

- Drink plenty of water!
- Drink cool water (not cold) for quick absorption.
- If playing for more than an hour use a sports drink (eg: a carbohydrate drink of 5-10% concentration with a small amount of salt (NaCl)
- Salt tablets should be avoided because of their very high NaCl content which can make dehydration worse.

Do not wait until you feel thirsty before you drink! It is too late!

### Fluid Replacement Routine

- Avoid starting exercise when dehydrated.
- Drink at least 500ml (2-3 glasses) half to one hour before playing.

- Drink at least 200ml (1-2 glasses) every 15 minutes during the game.
- Drink 500-1000ml (5-6 glasses) after a game and continue to drink until fluid losses are replenished.

Assess your fluid requirements by weighing yourself before and after sport or exercise (1kg lost = 1ltr of fluid loss). If you have lost weight increase the amount you drink throughout the game the next time you play. If you lose 5% of your body weight serious heat injury can occur (eg: if you weigh 70kg and lose 3kg)

### What to wear?

- Light clothing: light in colour and weight. Replace sweat saturated clothing with dry clothing.
- Hat, cap, visor. A broad-brimmed hat is preferred.
- Use 30+ sunscreen to prevent skin damage and skin cancer.
- Wear sunglasses to protect your eyes.

**SLIP** on sun-protective clothing that covers as much skin as possible. Clothing with a UPF factor is recommended.

**SLOP** on SPF30+ sunscreen and lip balm 20 minutes before going outdoors and every 2 hours.

**SLAP** on a hat that protects your face, head, neck and ears. Baseball caps and sun visors are not recommended because they do not protect the ears and back of neck.

**SEEK** shade

**SLIDE** on sunglasses that meet the Australian standard (1067:2003 category 2, 3 or 4)

**DEHYDRATION AND HEAT STRESS CAN BE PREVENTED. DRINK PLENTY OF COOL WATER. TAKE MEASURES TO BEAT THE HEAT AND SUN.**

# 2026 Carnival Regulations

## TENNIS SENIORS AUSTRALIA INC.

### Regulations (shortform) for the Australian Team Carnival (Revised May 2025)

In view of the national importance of this event, the Host State, under the auspices of TSA, shall conduct the ATC in accordance with the Regulations set out below:

**OWNERSHIP** The Australian Team Carnival is owned and under the direction of TSA. The AIC is an ITF Masters event played under ITF Masters tour regulations. The ATC and AIC are played in consecutive weeks under the broad title of Australian Seniors Tennis Championships and hosted – in rotation – according to a schedule determined by TSA. It is also acknowledged that circumstances may change from one Host State to another, and these Regulations may be amended or modified with the agreement of TSA.

**AUSTRALIAN INDIVIDUAL CHAMPIONSHIPS** Note the Australian Individual Championships normally follow the Australian Team Carnival - the two events are played in consecutive weeks unless agreed to by TSA. The Australian Individual Championships is an ITF MT1000 tournament and is played subject to the ITF Masters Regulations, as per any other ITF event. This document refers predominantly to the conduct and operation of the Australian Team Carnival although there are some references to the Australian Individual Championships also.

### 1. MANAGEMENT AND CONDUCT

The ATC shall be managed and conducted in accordance with the current Rules of Tennis Australia, and these Regulations.

- A Referee shall be appointed for the ATC who shall ensure that all matches are played in accordance with current rules, regulations and policies as follows: Tennis Australia's Code of Conduct and Member Protection by-laws; Rules of Tennis Officials Australia and these Regulations, as applicable.
- Medals should be presented to the winners and runner up of all events.
- Players entering the ATC must have reached the **required age** for their events by or on 31<sup>st</sup> December of the year in which the events are played. It is the responsibility of each State to ensure that this restriction is complied with - if it is found that this is not the case, then the "Penalty for ineligible players" could apply at the discretion of the TSA Executive.
- A copy of these full Regulations shall be available at each playing venue and included in the Player Booklet in a short form version.
- The full program of matches (times and locations) is to be displayed prominently at each venue in a position accessible to all. Progressive scores are to be calculated and be on display at each venue for viewing prior to, and during, each day's play.
- In respect of any disagreements or disputes regarding the interpretation and implementation of these guidelines, rules and regulations, the final decision will rest with the TD in consultation with the Referee for tennis related matters, and with the TSA Executive in respect of organisational/ administrative matters.

### 2. STRUCTURE, FORMAT AND RULES OF THE ATC

- Men's and Women's teams from all States are to compete in a round robin type tournament in the various Age Groups.
- The State with the best overall Team Result will be awarded the perpetual TSA Teams Trophy for being the Premier State in the particular year.
- Teams consist of ideally 5/6 players with a maximum of 8 players.

- Team members representing a particular State must be permanent residents in that State, or regular playing members of a tennis club in that State and a registered financial member of their respective State and registered with their State or Territory Member Association – except that, with the consent of the OC, any team may include one player who does not meet these criteria. Players wishing to vary their eligibility for a particular State must first apply for clearance from their home State and they will be duly advised of the outcome of their application.
- Teams from any country may compete in the ATC including finals (if played), and are eligible for the perpetual TSA Teams Trophy, provided they have a minimum of 5 teams participating.
- Combined teams may be arranged between States all of whom shall advise the TSA Secretary of agreement for such teams. The teams will be eligible to score points for the perpetual TSA Teams Trophy and these points will be awarded to the State which has the most representatives in those teams. In the event there are equal number of players from two states in a team, the state that arranged the team will be awarded the points.
- Nominations must be made via the appropriate platform at the time. Players are to be listed in order of their current UTR rating if possible, players ranking maybe be used as a guide.
- Refund of team entry fees will NOT be made for teams withdrawing after the Teams have been submitted by the States and the draw has been made, unless under exceptional circumstances. Payment to be forwarded to the TSA Treasurer on receipt of a TSA Invoice for all teams registered from each state.
- Changes to teams after the close of nominations and after teams have been graded into sections, must be approved by the TD.
- Team gradings must be submitted and approved by the TD and all competing States. In any situation where there is a lack of agreement on team grading, the TSA Executive shall adjudicate and make the final decision.
- In respect of the preparation of the draw, it is acknowledged that circumstances will vary year to year depending on the number of teams in each age group, and the number of teams in each section within an age group.
- The following guidelines will be applied in preparing the draws by the OC (or a representative thereof) and the TD, whose decision in this regard will be final:
  - The event will be played over 5 days.
  - Teams will ideally play at least 7-8 matches over the week.
  - A situation of teams playing each other 3 times should be avoided if possible.
  - The playing of finals is encouraged, if applicable, finals will be played on the final day of the ATC.
  - Matches will consist of "two six game set, with a seven (7) point masters tie-break at 5 games all." format.
  - The match rules will be updated from time to time. They should be read and understood in conjunction with these Regulations.
- Where a playoff match does not reach a result as defined in the match rules, due to weather or other adverse conditions, the team that finished higher in the section will be declared the winner.
- It is the responsibility of each team captain to:
  - Check where they have finished in the round robin for their section and when and where they will be playing in playoff matches, if any
  - Accurately complete each match scorecard including the final result. The full names of all players, including fill-ins, shall be written on the scorecards.
  - Both Team captains must sign their team match scorecard at the venue, the 'home' team captain enter results into Match Centre. Results stand subject to the following regulation.
- If the TD finds there is a calculation error, where the total points do not add up to 10, or where the card is incomplete, he/she may at his/her discretion, confer with the two team captains in order to rectify and correct the scorecard.
- Finals, if they are to be played, are played to a finish, unless due to weather or other adverse conditions this cannot be achieved. If no result has been achieved i.e. 4 sets have not been completed then the team that finished higher in the section after the round robin will be declared the winner. If a final is completed and the result is drawn on sets/games, the team that won the head to head during the rounds will be deemed the winner.

- Finals matches, if possible, are to be played at the 1.20pm time slots on the final day of competition and should be played at the main venue.
- Court allocation and time draw
  - The first named team in the Time Draw is to be regarded as the **Home Team**. The Home team is also responsible to collect the score card and 4 new balls from the Tournament Supervisor at the particular venue.
  - It is the responsibility of the **HOME team Captain to return the score card and balls** to the Venue Supervisor. In the case of a draw, a cancelled match or an incomplete match, the home team Captain is responsible for returning the score card and balls. In the event that the score card is not returned, all scores will be forfeited by the responsible team.
  - In order to play **four matches each day**, matches will be played during the following allotted time slots:
    - **8.00am - 10.30am: 10.40am – 1.10pm: 1.20pm – 3.50pm: 4.00pm – 6.30pm**
  - Teams drawn to play at 8.00am will play their second match at 1.20pm, teams drawn to play at 10.40am play their second match at 4.00pm.
- Other than for finals if played, the stipulated 2½ hours per match shall be adhered to. Alternative or additional playing times will not be scheduled for a match to make up any lost playing time.
- Sections should be drawn so that wherever possible teams play their two matches at the one venue on any one particular day. As far as practical, venues should be rotated to give all teams in the various Age Group Sections equal advantage. Wherever possible, the older Age Groups are to be drawn to play on courts of natural grass in preference to synthetic grass, synthetic grass in preference to clay, clay in preference to hard court.
- Sections drawn to play at the 8.00am and 1.20pm time slots on any one day should be drawn to play the 10.40am and 4.00pm time slots the following day and subsequently alternating where possible.

#### **Weather conditions**

- The Referee and TD shall be responsible to continually **monitor the weather conditions** and determine the suitability for play in conditions of excessive wind, rain, lightning, smoke or heat.
- The **Referee in consultation with the TD shall have full authority to stop play** if playing conditions are considered unsafe for players.
- The Referee shall be guided by the provisions of the Tennis Australia "Extreme Weather Policy" which can be sourced at [Extreme Weather Policy](#)
- The Referee and TD are to suspend play at all affected venues until, in their view and according to the policy, play is safe to resume.
- During the period of suspension of play, all competitors scheduled to play throughout the day must remain at their court venues. Immediately it is decided that play should resume, players must return to their respective courts and resume play from the exact point where play ceased.

#### **Playing Format**

Players are to report to the allocated court **fifteen minutes before** the scheduled commencement time.

- **Matches shall consist of four (4) doubles rubbers** played on two (2) courts. Each rubber shall consist of two sets, first to six games with a seven (7) point masters tie-break at five games all. During the tie-break, players will change ends after the first point and thereafter every four (4) points in keeping with the ITF Seniors Regulations.
- **Matches must be played to completion within the time allotted** and not stopped earlier because a match decision has been reached. Every set won may affect the team's final position and the State's scoring for the perpetual TSA Teams Trophy.
- **Play shall begin on time.** The start and finish time to a playing session will occur when the "whistle" blows. When the start of the match is indicated, players arriving late are not entitled to a practice warm up. Matches must start promptly. When the "whistle" denotes the finish of a playing session, a point "in play" shall be completed and scored.
- Once players are available to start the third and fourth rubbers, i.e. if the third rubber can commence after any of the 1<sup>st</sup> two rubbers are completed, play shall commence without delay.

- Players are entitled to use the cross over period between rubbers for their **warm-up time**. Once players are available to start the third and fourth rubbers, play shall commence without delay, no hit-up will be permitted ... unless a new player is introduced, or players have to change court surfaces when a 3 minute warm-up is permitted. New players must be ready to commence to warm-up as soon as one of their match courts becomes available. **Time delaying tactics** will not be tolerated. Where this is brought to the attention of the Referee, under time violation rules, may give a warning in the first instance and thereafter impose a penalty point for each subsequent violation.
- If **play has been suspended for more than 30 minutes**, players will be entitled to a warm-up not exceeding 5 minutes for the first match of the day and 3 minutes in subsequent matches.
- If one court finishes first, players for the next match cannot practice on the spare court until the entire match is finalised. Matches **MUST** not start before the scheduled time.
- **Captains toss**  
The winner shall have the right to choose courts throughout the match. The **'home'** Captain shall list on the score card his/her pairings for the first two rubbers. The 'opposing' Captain shall then list his/her pairings. Note that the **'home'** Captain may fold the score card back if he/she desires to momentarily 'keep the lid' on his/her pairings
- After the completion of the first two rubbers, the **'home'** Captain shall list his/her pairings for the third and fourth rubbers. In turn the 'opposing' Captain shall complete his/her pairings.
- On each court, players shall toss to determine the right to serve/receive or have the choice of ends or give the opponents the right to choose.
- **Pairings.** Throughout the match Captains may play their **pairings** in any combination, except that the pairings nominated for the third and fourth rubbers must not be the same as those pairings that played the first two rubbers. Any eligible team member may be introduced after the first two rubbers to play in the third and fourth rubbers. **No more than 6 players in a team may participate in any one match for the 30 to 70 age groups. For the 75 and higher age groups no more than 7 players may participate in any one match.**
- **Illness or injury.** During a match, if a **player becomes ill or is injured** during play, and is unable to continue, then that set shall be forfeited. The following specifically applies: if a player becomes ill or is injured in the first set of any rubber, that set is forfeited and another registered member of the team may replace the injured player and play in the second set – or – if after completion of the first set of any rubber a player is unable to play in the second set of the rubber, then the second set of that rubber shall be forfeited. Once an ill or injured player retires from the court, they are ineligible to play again in that particular match. Players who are injured and replaced by another member of their team, their details must be included on the match card. An Incident/Accident Report should be completed and handed to TD/Referee for any future Insurance claim purposes.
- If due to injury, heat exhaustion or emergency, a **team cannot field four of its registered players**, a registered player from the same State from an older Age Group or from a lower graded team of the same Age Group may be substituted provided the replacement player is of the same or lower rating of the player being replaced. The replacement player shall then play the full match. Such replacement requires the prior approval of the TD.
- **Ineligible or unregistered players.** If a team introduces an **ineligible or unregistered player** to allow a match to be played, the fact must be recorded on the scorecard, but the team will be penalised according to the penalty clause under "Scoring Method" in clause xxx. below.
- New players may not be introduced to a team after the second session on Wednesday. Unless under exceptional circumstances where a team cannot field four of their registered members for the remainder of the week. The approval of the Tournament Director (TD) is required.
- Players in finals matches must be registered members of their team. In the event of an emergency, a replacement must be eligible as stated in clause xxvii. above. Such replacement is to be subject to the prior approval of the TD. In the event of uncertainty, the senior representative available from the State concerned must give an assurance that the substitute player is not stronger than the player being replaced.

#### **Scoring Method**

- The top teams in each Section will be determined by the highest total number of match and set points won over the week of competition.
- A match is decided when at least four sets have been completed or the time limit has been reached. The winning team of any match is decided on the number of sets won, and if sets are equal, the number of games shall decide. The winning team shall receive two (2) match points and one (1) set point for each set won and all scores are to be clearly recorded on the match score card. In an undecided match or in a drawn match where points and games are equal, each team will receive one (1) match point.
- A team receiving a forfeit shall receive a credit of two (2) match points plus 8 sets points and 48 games, and the team forfeiting a match shall not receive any credit of sets or games. Two opposing teams failing to play a scheduled match for any reason whatsoever will not receive any credit of sets or games.
- In the event of wet weather or other stoppage, the following shall apply:
  - A cancelled match is one in which there is no play at all. In this case both teams receive a credit of one match point plus 4 sets points and 24 games towards the final result of the round robin competition.
  - An undecided match is one where a decision has not been reached i.e. 4 sets have not been completed. Each team will receive a credit for the sets and games they have won plus ½ a set credit for each incomplete or unplayed set and one match point each for an undecided match.
  - Where a decision has been reached, the winning team will receive 2 match points and a credit for the sets and games they have won plus ½ set credit for each incomplete or unplayed set.
- **Penalty for ineligible players.** Where a team introduces an **ineligible player** to allow a match to be played, the subsequent actual sets scores involving that player must be forfeited and each scored 0-6 to the opposing team. The team forfeiting sets will receive a credit for the sets and games won by its eligible players.
- Should any team be **unable to provide a pairing(s)** to start either/both of the first two rubbers within 15 minutes of the scheduled starting time of the match, then the rubber(s) shall be forfeited. The 3<sup>rd</sup> and 4<sup>th</sup> rubbers must start as soon as practical and without undue delay. If a match cannot commence after one hour of the starting time, that match shall be forfeited.
- To determine **winners or which teams will compete in finals and/or play-offs**, the ranking positions in all age group sections will be determined on the points scored in the round-robin competition. Where the teams are tied on points, sets won will determine the rankings. Where teams are still tied on points and sets, games won will determine the rankings. If teams are still tied on points, sets and games, the head-to-head results will determine the rankings of the tied teams.
- **Entering Results in Match Centre**  
The **'home'** team shall be responsible for the entry of results in Match Centre, whether the match is won or lost (including by forfeit), drawn, incomplete or not played (ie abandoned or cancelled) shall be submitted immediately at the conclusion of the match. The **'home'** team is responsible for the return of the completed scorecard and balls to the Venue Convenor.  
The **'opposing'** team shall be responsible for confirming or disputing of the results in Match Centre within one hour after the conclusion of the match.  
The Tournament Director (TD) reserves the right to amend incorrect Match Centre entries.

#### **Uniforms Policy**

- All members representing a State must wear the uniform of that State while playing in matches. The TD in conjunction with the Referee shall be responsible to check and monitor player's dress to ensure players comply with this rule. Teams will be automatically forfeited one set in each match for each player contravening this Regulation. Players from a state who are playing in a team for another state may wear their own state uniform.

#### **Teams Trophy**

- The **Premier State** for the year shall be determined at the end of the ATC and is to be presented the perpetual TSA Teams Trophy. Team Trophy standings are NOT to be published after Tuesday evening and must be kept under wraps by the TD until the announcement at the Team Dinner.
- A State must have a minimum of **5 teams to be eligible to participate** in competing for the trophy.
- **The winning State** will be decided by the best percentage (%) of sets won and credited against sets played and credited during the round robin matches by all teams from that State, including all unfinished and unplayed sets and playoff finals. Actual match points (as distinct from set points) awarded in the minor round matches are NOT to be counted in determining the team trophy.
- In the event of a **tie**, the State with the largest number of teams shall be declared the winner.

#### **3. SOCIAL PROGRAM**

- An Opening Ceremony and welcome function for all players should be held on the day preceding the ATC with the documentation (a players bag including a player booklet for the event being handed to all players).
- A Teams Dinner Function is to be held on the Friday night at the conclusion of the ATC, at which the major sponsor is to be asked to participate. To be included in this important event are:
  - Presentation to the Captain or each member of a winning team (asking them to stand to be recognised). A medal presentation identifiable to this event should be held at the venue after matches are concluded for winners and runners-up.
  - Presentation of the three awards: the Australian Senior Player of the Year Award; Australian Senior Administrator of the Year Award, and the Player Recognition Award, by the TSA President or nominee. All nominations made by the States are to be announced.
  - Hall of Fame inductees/elite or legends (if any) are to be awarded their trophy.
  - Presentation of the perpetual TSA Teams Trophy to the winning State. All States/Countries are to be announced in order from the team that finished last to the Winner.
